

# A Certified GameChanger

Testing your long distance IP runs

U.S. Patent No.'s 10,453,589 & 11,107,605

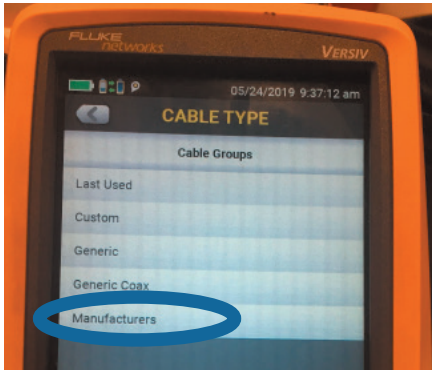

## Testing for Certification

Whether you're submitting certified test results for the 25 Year GameChanger Warranty, or just looking to ensure the success of your installation, testing your long distance cabling channels has never been easier. Before you get started, make sure you're using software v6.0 or higher on your Fluke DSX Cable Analyzer.

### Selecting the Cable Type

To ensure appropriate results, select:

Cable Groups > Manufacturers > GameChanger > Then pick your GameChanger Cable Construction

### Selecting the Test Limit

Next you'll need to select the appropriate Test Limit.

Select Vendor > Then pick either the 1Gb (for lengths up to 656') or 10Mb (between 656'-850') test.

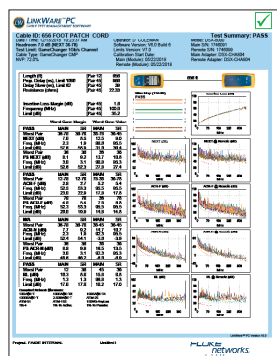

### Using a different tester?

GameChanger testing is also available with:

- AEM Test Pro - v1.3.1+
- Trend Networks LanTEK III, IV - v3.217+
- NETSCOUT OneTouch AT
- Softing WireXpert - v8.0+
- Viavi T-BERD 5800v2; 5882; 5800-100G5

## Qualifying Your Project For the Paige 25 Year Warranty

Send your testing results to [warranty@paigedatacom.com](mailto:warranty@paigedatacom.com)

Left: An example of a passing result, on a 656 foot channel.
